Customer Signature

1. Customer is responsible for his own water cut off valve.
2. The meter and related appurtenances serving the customer's service address shall remain the property of the Utility District.
3. Services provided by the utility shall be supplied only to the applicant at address named in this contract. Customer shall not connect any other dwelling or property to his service.
4. The customer agrees to keep the property at service address accessible and free from impediments to the utility access, maintenance and meter reading. Upon notification from the Utility the customer agrees to remove any impediments to utility access. If such impediments are not removed within such reasonable time as requested by the Utility, service will be disconnected. Service shall be reinstated after any impediments are removed and all bills, reconnection fees, and other such fees are paid by the customer.
5. The Utility makes no guarantees, expressed or implied, as to service quality, quantity, pressure, consistency or continuity.
6. Customer agrees not to allow any cross connection between Utility service and a private well or any other connection, either inside or outside of any building in such a manner that a flow of water from such cross connection may potentially be introduced into Utility service line.

I hereby apply for water service as listed above and agree to abide by the rules and regulations governing such service. I hereby give the Gibson Co. Municipal Water District permission to enter on my premises to repair or inspect any water service.
